

THE TRUMP ADMINISTRATION SHUT DOWN THE

CONSUMER FINANCIAL PROTECTION BUREAU.

THIS PROTECTED MILLIONS OF PEOPLE FROM FINANCIAL RUIN

- Student loan companies and mortgage lenders have **no oversight**.
- Payday lenders can trap people in **300%+ interest** debt again
- **No more limit** on bank overdraft fees
- Medical bills can **wreck your credit** for years

The Trump administration has already shut down enforcement, cut funding, and fired staff. The agency that **protects your money** is being dismantled – on purpose.
